Balmoral Lumber interior stile & rail panel doors provide strong beautiful results with fast turnaround times. Our doors are available in a variety of traditional as well as custom styles designed by you and we offer products for stain-grade and paint-grade applications. Choose from dozens of options or tell us exactly what you want.

Features Of Our Interior Doors Include:

- Multiple stain or mdf raised/flat panels to choose from.
- 100's of sticking, raised and inset moulding options.
- Custom and standard width/height options available with 1-3/8", 1-3/4" and 2-1/4" thickness.
- Sturdy engineered or solid stile, rail and panel construction.
- Quality craftsmanship for years of durable service
- Doors are available in a variety of materials including: cherry, mahogany, pine, poplar, oak, maple, walnut and other exotic wood species.

Because we carefully source our interior doors, Balmoral Lumber is able to provide consistent quality results.
